

SAN DIEGO WEDDING & ELOPEMENT

The Investment Guide

Collections, pricing & planning - 2025

"Golden-hour love stories, told by the sea."

Hello, I'm Marisol

I'm so glad you're here. If you're reading this, you're thinking about trusting me with one of the biggest days of your life - and I don't take that lightly.

I've spent eleven years photographing couples across San Diego, from the tide pools at Sunset Cliffs to the oak meadows above Julian. My whole approach comes down to three things: stay quiet, stay close, and catch the real thing as it happens. Most of my couples tell me they forgot I was even there - which is exactly the point. You should get to live your wedding, not perform it.

This guide lays out everything honestly and up front: every collection, every add-on, real pricing, and a sample timeline built around the light. No hidden numbers, no pressure. When you're ready, send me your date and I'll check availability the same day.

A Sample Golden-Hour Timeline

Based on a 5:00 PM sunset. The single most valuable thing you can do for your photos is start the ceremony at the right time - here's how a day flows when we do.

- 1:30** Getting ready - details, the dress, the rings
- 2:30** First look + couple portraits
- 3:15** Wedding party + family formals
- 4:00** Ceremony
- 4:45** Cocktail hour begins
- 5:00** Golden-hour portraits, just the two of you
- 5:30** Grand entrance & dinner

How It Works

01 Say hello

Send the inquiry form with your date and venue. I read every message myself and reply within 48 hours.

02 Get on a call

A 30-minute video chat. No hard sell - just figuring out if we are the right fit.

03 Live your day

I arrive early and stay through the last song, catching the day as it really unfolds.

04 Hold it forever

Your full, hand-edited gallery lands within six weeks, print-ready and yours to keep.

Let's check your date.

Dates book 9-14 months out for peak season. The sooner we talk, the better.
